

# UNITED STATES PATENT OFFICE.

GEORGE M. HAYES, OF PHILADELPHIA, PENNSYLVANIA.

## DESIGN FOR A CARD.

SPECIFICATION forming part of Design No. 13,697, dated March 6, 1883.

Application filed November 25, 1882. Term of patent  $3\frac{1}{2}$  years.

### *To all whom it may concern:*

Be it known that I, GEORGE M. HAYES, a citizen of the United States, residing in the city and county of Philadelphia, State of Pennsylvania, have invented and produced a new and original Design for Cards, of which the following is a specification, reference being had to the accompanying photographic illustration, forming part thereof.

10 The leading feature of my design is a slate, which is beautifully ornamented or decorated.

A represents a slate of the order generally known as a "school-slate," on the face *a* of which is a picture, *b*, a pencil, *c*, and a card, *d*. A cord, *e*, is connected at one end with the corner of the frame of the slate and at the other with the pencil *c*.

I claim—

1. The design for a card herein shown and described, the same consisting of a slate on the face of which is a picture.

2. The design for a card herein shown and described, the same consisting of a slate on the face of which is a picture and card.

3. The design for a card herein shown and described, the same consisting of a slate on the face of which is a picture, a card, and a pencil.

4. The design for a card herein shown and described, the same consisting of a slate on the face of which is a picture, a card, a pencil, and a cord.

GEO. M. HAYES.
